## **Baseball 4 Life...**

Our baseball camps, like all of our activities at Diamond Dreams, focus on the Baseball 4 Life mission. This means that we will emphasize proper baseball skills along with nutrition, conditioning, and a sound mental approach. Our camps also encourage team-like participation that foster a supportive environment for all players.

## **Schedule...**

All camps will run from 9-1 pm. We will have water breaks throughout the morning as well as a snack/lunch break around 12 noon. Campers are encouraged to bring water and snacks. We will supply water and have both Gatorade and snacks for sale.

## **All camps are indoors...**

There is no need to worry about rain or too much sun! We'll be inside for everything! This also means we get access to all of our specialty equipment.

## **Safety...**

Safety is our first priority. If your son has any allergies or other important medical information please be sure to make a note of it on the registration form. We take every precaution to make sure every player has a safe and enjoyable experience.

## **Fun...**

To make sure each camper has a great time we play a game almost every day. We also have skills competitions and our home run derby!

## **HitTrax...**

We have the only baseball simulator and we will be using it with all of the camps! Learn about exit velocities, launch angles and much more!

## **Instruction...**

Our camps will include instruction on warming up properly, throwing, hitting, catching, infield, and outfield. We want our campers to have a great time but we also want them to leave a better baseball player.

## **Science based instruction...**

At Diamond Dreams we utilize the principles of RightView Pro, the National Pitching Association and Driveline Baseball to make sure your son gets the most up to date, science based instruction.

## **Camp location...**

All of the camps are held indoors at Diamond Dreams.

For directions, please check out our website at [DiamondDreamsBA.com](http://DiamondDreamsBA.com).
